Election case No. 13 of 1923.

Maharaja Sir Manindra Chandra Nandy, K.C.I.E.

versus

Hon'ble Mr. Pravash Chandra Mitter, C.I.E.

REPORT.

This is an election petition under Rule 32 of the Bengal Electoral Rules and Regulations of 1923 presented by Maharaja Sir Manindra Chandra Nandy of Kassimbazar.

The facts as set out in his petition are that he was a member of the Council of State and on 7th October 1923 resigned his seat on the Council by a telegram and a letter addressed to His Excellency the Viceroy and Governor-General of India.

The telegram was received in Simla at 11-15 A.M. on 7th October and His Excellency's orders accepting his resignation were passed on the 10th.

The date fixed by Government for the presentation of the nomination papers of candidates for election to the Bengal Legislative Council was 8th October, and on that date the Maharaja delivered three nomination forms to Mr. Lindsay, the Commissioner of the Presidency Division, who was the Returning Officer for the Presidency Division Landholders' Constituency.

On 9th October the Maharaja sent another telegram to the Viceroy for communication of the acceptance of his resignation to the Returning Officer.

On 10th October his resignation was formally accepted by His Excellency and a notification being No. 225 of that date was published in the *Gazette of India* of 13th October.

On 11th October, the date fixed for the scrutiny of the nomination papers by the Returning Officer, an objection to the Maharaja's nomination was raised on behalf of the respondent Mr. Pravash Chandra Mitter that the Maharaja was not eligible for election on the date of filing the nomination papers, 8th October 1923, as his resignation had not been accepted by the Governor-General and he was still a member of the Council of State. The Returning Officer thereupon made the following endorsement upon the nomination paper:—

"I must refuse the nomination of this candidate the Maharaja of Kassimbazar.

Under section 93 of the Government of India Act the seat in the Council of State becomes vacant on the acceptance of the resignation of the member. The Maharaja wired his resignation on 7th instant and also sent a letter on that day. The only evidence of the acceptance of the resignation is a telegram from Simla, from the Secretary, Legislative Department, dated 10th instant. If this evidence is accepted, I must hold that the resignation takes effect from the 10th instant, and that on the 8th instant when the nomination papers were filed, the Maharaja was still a member of the Council of State. Accordingly at the time of his nomination, he was not eligible for election [cf. rule 5 (1) (c)] and so the provisions of rule 11 (1) were not complied with. The nomination is therefore refused under Regulation XXI (i) and (iii)."

As there was no other candidate, the Returning Officer proceeded to declare Mr. Mitter duly elected and his name was published in the *Calcutta Gazette* of 28th November 1923.

The facts as we have summarised them above are not in dispute and we have therefore found it unnecessary to frame any issues.

The main point for our determination is whether the question of the eligibility of the Maharaja for election is to be decided with reference to the date of the presentation of his nomination paper, 8th October, or to the date of scrutiny by the Returning Officer, 11th October.

Mr. Chaudhuri who has appeared on behalf of the Maharaja contends that his resignation of his office in the Council of State had been tendered on 7th October and was accepted by the Governor-General on 10th. Therefore at the time of the scrutiny on 11th the statutory bar contained in Rule 5 (1) (c) of the Electoral Rules of 1923 had been removed. The learned Council has referred to the regulations framed under Rule 15 of the rules with particular reference to Regulations XX and XXI. Regulation XX provides for the scrutiny of nominations in the presence of the parties or their agents while Regulation XXI provides for the examination of the nomination papers by the Returning Officer who "shall decide all objections which may be made to any nomination and may either on such objection or on his own motion, after such summary enquiry, if any, as he thinks necessary, refuse any nomination on any of the following grounds :—

(i) that the candidate is ineligible for election under rule 5 or rule 6, or

(ii) that there has been any failure to comply with any of the provisions of rule 11 or rule 12."

Learned Counsel says that what the Returning Officer has to see in regard to Rule 5 is whether the candidate is eligible for election. He has not to see whether he is eligible for nomination. The date of scrutiny is the date with reference to which the eligibility of the candidate for election is to be determined. Further under Rule 5 a person shall not be eligible for election as a member of the Council if he labours under certain disqualifications one of which is that he is a member of the Council or of any other legislative body constituted under the Act and has made oath or affirmation as such member. The Maharaja had admittedly made the oath as a member but it is argued that on the date of the scrutiny he had ceased to be a member of the Council of State and therefore, though he might possibly be said to be ineligible on the date on which the nomination paper was presented, the acceptance of his resignation on 10th October, the day before the scrutiny, removed the disqualification. By a parity of reasoning a person qualified on the date of nomination might be found to be disqualified on the date of scrutiny.

Learned Counsel further contends that in any case the mere tender of the resignation was in itself sufficient to vacate the seat as there is no rule under the Government of India Act under which the Governor-General is empowered to refuse a resignation. A member of an elected body stood on a footing different from a public officer who was required to observe certain formalities such as making over charge of his office.

Sir Benode Mitter who has appeared on behalf of the respondent contends that the mere fact of the resignation having been tendered does not of itself vacate the seat. Section 93 of the Government of India Act says that "a nominated or elected member of either chamber of the Indian Legislature may resign his office to the Governor-General . . . and on the acceptance of the resignation the office shall become vacant." The same provision is made in section 64 of the Government of India Act where the resignation must be "duly accepted". The power to accept resignation implies also the power to refuse it. It would follow therefore that a member whose resignation had not been accepted continues to be a member until its due acceptance by the Governor-General. The Maharaja thus continued to be a member of the Council of State till the acceptance of his resignation on the 10th October.

Learned Counsel further contends that the eligibility of a candidate depends on whether he was, as a fact, eligible on the date of the nomination. Election is a continuing process in which the nomination is the first step. The nomination is the foundation of a candidate's right to go to the poll and is an integral part of the election. Scrutiny is for the purpose of seeing that what was required to be done had been done. Rule 11 (1) says :—"Any person may be nominated as a candidate for election in any constituency for which he is eligible for election under these rules." Rule 11 (3) provides that a candidate must assent to the nomination and must at that particular point of time have the capacity to accept the nomination and under Rule 11 (5) he must also have the capacity of nominating election agents to act for him. The Maharaja, it is urged, had not the requisite capacity and was therefore ineligible at the time of the nomination. It is further argued that the date of the scrutiny of the nomination papers as laid down in Regulations XX and XXI is not the governing factor in considering the eligibility of the candidate. He must be eligible at the time of the nomination and if he has not the necessary qualifications then, he cannot acquire them between the date of the nomination and the date of the scrutiny.

We are of opinion that under the provisions of Rule 11 the date with reference to which the question of the eligibility of a candidate for election is to be determined is

the date fixed by Government for the nomination and if on that date a candidate is not eligible, his nomination paper must be refused. The object of the scrutiny by the Returning Officer is to see whether the nomination was valid on the date on which it was made. The nomination is an integral part of the election and it cannot be supposed that a person who is ineligible on the date of the nomination can, in the interval between the nomination and the scrutiny, acquire new rights or that the acquisition of such rights would be sufficient to do away with his pre-existing disqualification.

Various disqualifications which will render a candidate ineligible for election are given in Rule 5 (1). Rule 5 (1) (c) declares a person ineligible for election if he is a member of the Council or of any other legislative body constituted under the Act and has made oath or affirmation as such member. In the present case it is admitted that the Maharaja had made oath as a member of the Council of State. It is also conceded that his resignation was not accepted until 10th October though the date for the presentation of the nomination paper was fixed for 8th October. It is therefore plain that on 8th October the Maharaja was still a member of the Council of State and was therefore ineligible under Rule 11(1). The argument that the mere tender of his resignation automatically terminates his office does not seem to us to be well founded. If it had been so, the words used in sections 93 and 64 of the Government of India Act which require acceptance by the Governor-General of the resignation as a condition precedent to the vacating of the office would be mere surplusage.

We are of opinion therefore that the nomination paper of the Maharaja has been properly rejected by the Returning Officer and that Mr. Mitter, the returned candidate, has been duly elected.

We estimate the total amount of costs payable for the hearing at 40 gold mohurs and we recommend that that sum be paid by the Maharaja to Mr. Mitter.

NOTIFICATIONS.

No. 81.—*The 28th January 1924.*—The following draft of revised rules and rates of tolls for the Calcutta and Eastern Canals, Tolly's Nala and Sundarbans Steamer Route, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make in supersession of all previous notifications on the subject, is hereby published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 20th March 1924, and any objections or suggestions received by the undersigned before that date will be considered :—

Draft Revised Rules and Rates of Tolls.

The rules shall apply to the following navigable channels which are included under the designation "Calcutta Canals and Tolly's Nala" and the "Sundarbans Steamer Route."

I. The Circular Canal comprising the still-water canals between the Dhapa and Chitpore Locks and the New Cut Canal from Ultadingi to Dhapa Lock, together with its junction with the river Hooghly and Orange Soorah at Dhapa.

II. The Central Lake Channel from its junction with the Circular Canal at the Dhapa Lock to its junction with the Bidyadhari at Bamunghatta.

III. The Nowbhanga khal extending northwards for a mile from its junction with the Central Lake Channel below the Dhapa Lock.

IV. The Soorah from its junction with the Central Lake Channel below the Dhapa Lock and extending to the fish market situated adjacent to, and to the west of, the Dhapa Inspector's residence.

V. Tolly's Nala extending from a line drawn across the Nala 25 feet west of the existing bridge at Kidderpore to the Bidyadhari river at Samukpota.

VI. The Kristopore Canal extending from a point in the New Cut Canal, 1 mile from the Chitpore Lock to a point where it joins the Bhangore khal at

I. The outfall channel of the Thakurdhari sluice, 4,180 feet in length, extending point in village Thakurdhari near the 5th mile-post of the Kristopore Canal to Thakurdhari sluice on the Paran Chaprasi's khal.

II. The Sundarbans Steamer Route as defined in notification No. 71 of the 22nd July 1923.

1. Every vessel on entering the Calcutta Canals or Tolly's Nala shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, the persons appointed by the Governor in Council to collect tolls and officers to whom such persons are subordinate shall have authority to enter upon and again measure a vessel notwithstanding that it was measured on entering the canals.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes as below :—

Class I.—To include all vessels of the usual native types of build, including *saltees* and *hapars* (fish cages).

Class II.—To include all steamers, flats and barges, and other square built vessels.

The net tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V (B.C.) of 1864 and of these rules, be determined by the following measurements :—

Class I.—

A.—The product of one quarter the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches: the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of $12\frac{1}{2}$ maunds, any remainder of less than $12\frac{1}{2}$ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D.—**Saltees.**—The product of one quarter of the inside length of the vessel measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

Class II.—

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I, shall be increased by one-half. For vessels of this class above 5,000 maunds measurement the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way-bills, the gross maundage of cargo shown by the way-bills, or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which toll will be charged:

Provided that firms or individuals, who wish to make use of this rule, must be approved by the Superintending Engineer of the Southern Circle, and that such approval may be withdrawn for any just cause.

3. Every vessel entering the canals shall be furnished with a ticket on which the name of the serang, manjee or other person in charge of the vessel, the date of entry, the maundage of the vessel, the cargo it contains, the amount of toll charged, and the number of days for which the ticket remains current, shall be entered.

4. All tolls are payable on demand and shall be paid at the toll station before a vessel is permitted to proceed: Provided that the Superintending Engineer of the Southern Circle may at his direction permit vessels belonging to individuals or firms of recognised standing to proceed without pre-payment, on an undertaking that the bills of tollage due shall be liquidated monthly on presentation.

5. The tickets must be kept on board the vessel and must be produced when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rule 2 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure under the provisions of section IX of the Act.

6. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a sum of one rupee and annas eight. Provided that for tickets on which the total tollage is less than one rupee the fee to be charged for a duplicate shall be one quarter of the total. The minimum fee will be eight annas per ticket.

7. A vessel which has been detained under these rules or under section IX of the Act may not be removed from the canals without the order of the collector of tolls until the toll due has been paid and a ticket obtained for presentation at the exit station. During such detention the manjee, owner or agent must make arrangements for the safety of the vessel and cargo.

8. All vessels, whether the property of Government or of private owners, are liable for toll except those specially exempted under any Government orders in force for the time being.

9. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the supervisor appointed by the Governor in Council under section XIII. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank. No vessel may be launched in the canal without the previous written permission of the supervisor.

10. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the supervisor may direct and shall not be moored in any other manner.

11. The Superintending Engineer, Southern Circle, may fix the limit within which vessels are permitted to remain free of toll, and may also define the limits within which no loading or unloading shall be permitted.

12. No vessel whose extreme breadth including overhanging cargo exceeds 35 feet will be permitted to enter the locks at Chitpore or Dhapa: in the case of the Kulti and Bamunghatta Locks the maximum width allowable is 29 feet.

13. The supervisor may, by written notices to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or *luggees* in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the supervisor, and no vessel shall be made fast or be placed outside of vessels so secured. No vessel or raft shall be placed in such a position as to endanger the safety, or obstruct the passage, of other vessels. Every vessel shall at all times have some responsible person on board when the vessel is within the locked canals between toll stations or on Tolly's Nala.

15. Vessels passing through the canals shall keep in separate lines, in accordance with the rules in force as laid down by the Superintending Engineer, Southern Circle from time to time.

16. No person shall deposit goods of any description on the berms of the canals between the frontage roads or towpaths and the canals, except during the actual process of loading or unloading vessels, without the previous permission of the supervisor.

17. Iron built cargo boats, with outside angle irons projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle irons so as to prevent them from causing damage to the lock.

18. No fire or open or unprotected light of any description shall be used on vessels containing petroleum, jute, hay or straw while in the Calcutta Canals or Tolly's Nala; and no fire or open or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals. No vessel which is obviously overloaded or unseaworthy will be permitted to proceed along any part of the canals until made safe to the satisfaction of the supervisor or his staff.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the supervisor and his subordinates shall offer every assistance in removing the same.

If three days after the occurrence of a wreck, it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, supervisor and his subordinates shall make their own arrangements for the removal thereof at the expense of the owner, provided that when the wreck obstructs the navigation, they shall take immediate steps to remove the same.

21. When a sunken vessel has been recovered, the supervisor shall cause notices to be posted at the locks, toll-offices, or other prominent places, calling on those concerned to pay to the collector of tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo; should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure laid down in section IX of the Act.

The purchaser of a vessel sold under the provisions of section IX of the Act shall have the right to take it out of the canals on the day of purchase, or within such time as may be allowed by the collector of tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered or when, any laden vessel has been seized under the provisions of the Act, or of these rules, the supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 23 shall be effected by a notice exhibited in his office, and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. Steamers are not allowed to tow flats or cargo boats in the Circular Canal, but may tow one flat or barge at a time astern in the New Cut Canal or Kristopore Canal within toll limits.

26. **Lights and signals.**—All vessels, whether travelling or moored in the Calcutta Canals or Tolly's Nala, must, between sunset and sunrise, carry a white light properly protected from the weather on the forepart of the vessel where it can be distinctly seen from all sides. All steam vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam vessel, whether in motion or moored, shall carry the light prescribed above.

27. **Speed of vessels.**—Every vessel proceeding through the Calcutta Canals and Tolly's Nala must, between sunset and sunrise, limit her speed to three miles per hour.

28. For any contravention of rules 7, 11, 13, 14, 15, 16, 18, 19, 25, 26 and 27 the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 or Rs. 5 a day for any continuing infringement.

29. No boats will be allowed to remain in the entrance channels to the Dhapa and Chitpore Locks.

30. The canals may be closed once a year for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but in the event of any sudden emergency the canals may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

In the matter of Khan Bahadur Abdus Salam *Petitioner*

Maulvi Rafiuddin Ahmed *Respondent.*

To all concerned.

Please take notice that the above-mentioned petition will be heard by the Commissioners on the 21st February 1924, at 11-30 o'clock, in the Court room of the District Judge, at Alipore, district 24-Parganas.

Given under my hand and the seal of the Court of the District Judge.

G. N. ROY, *President.*

TO HIS EXCELLENCY THE RIGHT HON'BLE VICTOR ALEXANDER GEORGE ROBERT BULWER-LYTTON, EARL OF LYTTON, P.C., G.C.I.E., GOVERNOR OF BENGAL.

In the matter of a petition under section 31, Part VII, Bengal Electoral Rules and Regulations, 1923,

and

In the matter of Khan Bahadur Abdus Salam *Petitioner*
versus
Maulvi Rafiuddin Ahmed of Jessore town *Respondent No. 1.*
and
The Returning Officer (District Magistrate), of Jessore *Respondent No. 2.*

The humble petition of Khan Bahadur Abdus Salam, of 27, Elliot Lane, in the town of Calcutta,

MOST RESPECTFULLY SHEWETH—

(1) That your petitioner and Maulvi Rafiuddin Ahmed, respondent No. 1 above-named, were two candidates for the North Jessore Muhammadan constituency during the last general election for electing members to the Bengal Legislative Council.

(2) That the ballot papers containing the votes of different electors of the above-named constituency were counted on the 30th November 1923 at Jessore by the Returning Officer of Jessore in the presence of the petitioner and the other candidate.

(3) That 76 ballot papers in which votes were recorded in favour of the petitioner were improperly rejected or excluded from the count by the Returning Officer, as some presiding or polling officers palpably through mistake had marked them with the official secret seal, said to be indicative of the Legislative Assembly, instead of with the official secret seal indicative of the Bengal Legislative Council. Such rejection or exclusion from count, according to petitioner's belief, is not warranted by a liberal interpretation of the meaning or spirit of Electoral Rule '7, clauses (a) to (c) nor justified by considerations of justice or equity.

(4) That the petitioner was not a candidate at all for election to the Legislative Assembly, but was a candidate for the Bengal Legislative Council only. The 76 ballot papers issued were for recording votes on the 19th or 22nd November last for election to the Bengal Legislative Council, and the names of the petitioner and respondent No. 1 were printed in the said ballot papers as candidates. Further, according to petitioner's information, the ballot papers issued for the Bengal Legislative Council are different in colour from those issued for the Legislative Assembly.

(5) That according to petitioner's information, no election of Muhammadan candidate for the Legislative Assembly from the North Jessore Muhammadan constituency took place on the dates (19th or 22nd November) in which the aforesaid 76 votes were recorded in petitioner's favour for the Bengal Legislative Council, and further, according to petitioner's information, no polling of votes at all took place on any date in respect of any Muhammadan candidate for the Legislative Assembly from the North Jessore Muhammadan constituency at the last general election, as the successful Muhammadan candidate for the Legislative Assembly from the Burdwan and Presidency Divisions was declared elected without contest at the scrutiny of nomination papers on a prior date.

(6) That according to petitioner's information, the voters who came to the polling stations on the said date (19th or 22nd November) and recorded votes in favour of the petitioner on the 76 ballot papers, were electors for the Bengal Legislative Council, and voted for election to the said Council, as can be ascertained by reference to the said ballot papers, their counterfoils, and electoral rolls kept and numbered by presiding or polling officers under the electoral rules.

(7) That in view of the above circumstances, it would appear obvious that the official secret seal said to be indicative of the Legislative Assembly instead of the secret seal indicative of the Bengal Legislative Council was put on the said 76 ballot papers palpably through mistake or carelessness of some presiding or polling officers.

(8) That under the circumstances the Returning Officer improperly rejected or excluded those 76 ballot papers from count, and counted the remaining votes, and declared the respondent No. 1 duly elected on the basis of the irregular counting as mentioned above.

(9) That in case the said 76 ballot papers were included in the count, the votes recorded in favour of the petitioner, according to petitioner's information, would be more than those recorded in favour of respondent No. 1, Maulvi Rafiuddin Ahmed, and the petitioner would be entitled under section 14 (clause 7) to a declaration that he was duly elected.

(10) That the deposit of Rs. 1,000 is herewith tendered in Government currency note.

(11) That as the case relates to inspection of ballot papers and counterfoils and election rolls kept by polling or presiding officers, which according to petitioner's information are now in the custody of the Secretary, Bengal Legislative Council, and will rest mainly on the report to be taken from the Returning Officer, it would be convenient and less expensive to the petitioner, if the enquiry is held at Alipore, especially as the respondent No. 1 would be in Calcutta shortly to attend the Bengal Legislative Council sessions.

Wherefore petitioner prays—

(1) That all the ballot boxes of the North Jessore Muhammadan constituency for the Bengal Legislative Council should be sent for from the Secretary for the Bengal Legislative Council with their contents, in charge of a responsible officer.

(2) That the report of the Returning Officer, Jessore, in respect of the above 76 ballot papers should be called for, together with any other correspondence that might have passed between him and the Government on the subject.

(3) That the 76 ballot papers improperly rejected or excluded from count by the Returning Officer should be inspected by the Commissioners together with their counterfoils and electoral rolls and be now regarded as good votes recorded in favour of the petitioner, and there should be a recount of votes recorded for both the candidates including the 76 ballot papers improperly rejected or excluded from count, in which event the petitioner would have 38 more votes than the respondent No. 1.

(4) That the election of Maulvi Rafiuddin Ahmed, respondent No. 1, should, under the circumstances, be declared by the Commissioners void and set aside under section 44, clause (c) and the petitioner should under section 34 be declared by the Commissioners to be duly elected to the Bengal Legislative Council.

And your petitioner, as in duty bound, shall ever pray.

CALCUTTA, the 14th January 1924.

(Sd.) ABDUS SALAM.

ENCLOSURE.—Copy of Return under Regulation XLIX received from Returning Officer, Jessore.

VERIFICATION.

The facts mentioned in paragraphs 1, 2 and 10 of the petition are true to my knowledge, and the facts mentioned in paragraphs 3, 4, 5, 6, 7, 8, 9 and 11 are true to my information and belief.

1. 3. That your Excellency's petitioner thereafter contested at the polls on the appointed date, the Respondent No. 1 abovenamed, Moulvi Mahboobul Huq, being the only other candidate.

4. That after the close of the poll the Returning Officer appointed the 1st December 1923, 8 A.M., for the scrutiny and counting of votes at his office in the Magistrate's Chamber in the Alipore Criminal Court, and on receipt of notice to that effect your Excellency's petitioner duly attended the said scrutiny and counting.

5. That your petitioner's said rival, Respondent No. 1 abovenamed, along with a representative of his, also attended the said scrutiny and counting of votes.

6. That at the scrutiny, on an examination of the ballot papers taken out from the ballot boxes opened by the Returning Officer, a number of ballot papers of a non-Muhammadan constituency were discovered, and those were all rejected by the Returning Officer.

7. That thereafter after completing the counting of votes, as he then supposed, the Returning Officer declared the said Respondent No. 1, Maulvi Mahboobul Huq, to be elected as having obtained the largest number of votes.

8. That your Excellency's petitioner then left the place, but after a short interval received a message from the Returning Officer that through mistake one ballot box had been left unopened at the counting and its contents not counted, and your petitioner's presence was therefore again required at once by the Returning Officer at his Chamber to enable him to complete the counting with the ballot papers of the said unopened box.

9. That your petitioner accordingly went back at once to the office of the Returning Officer, and the contents of the said unopened ballot box which was of the Baduria Municipality were counted in his presence as well as in the presence of the said representative of Respondent No. 1.

10. That the result of the said counting showed a majority of votes in favour of your Excellency's petitioner and not of his opponent, as had appeared on the previous count.

11. That the Returning Officer did not, however, thereupon declare your petitioner as duly elected, as your petitioner submits he was bound to do and should have done, the previous declaration in favour of the other candidate which was made on an admittedly incomplete counting not being a valid declaration at all.

12. That your petitioner understands that the Returning Officer reported the whole matter to Government for instructions, without making any formal report as to the result of the election under rule 14 (9) of the Bengal Electoral Rules.

13. That your petitioner submits that your petitioner obtained the largest number of votes and was the person duly elected and should have been declared and returned as such.

14. That your petitioner finds that the name of the Respondent No. 1 has been published in the *Calcutta Gazette* of the 26th December 1923, as that of the elected candidate, although your petitioner had obtained the largest number of votes and was hence duly elected by majority of votes.

15. That your petitioner submits that the result of the election has been materially affected by the said action of the Returning Officer and your petitioner has been seriously prejudiced.

16. That your petitioner therefore begs to file this election petition under Part VII of the Bengal Electoral Rules and begs to deposit herewith the sum of Rs. 1,000 as security for costs as required by Rule 35.

Your Excellency's petitioner prays in these circumstances that it be determined that the said Respondent No. 1 Moulvi Mahboobul Huq was not duly elected and his election and return be set aside and it be declared that your petitioner was duly elected and ought to have been returned and he be so returned, and your petitioner further prays for the costs of this application.

And your petitioner as in duty bound shall ever pray.

NAWAB MIRZA SHUJAAT ALI BEG KHAN BAHADUR,

Petitioner.

Dated the 3rd January 1924.

VIII. The Sundarbans Steamer Route as defined in notification No. 71 of the 22nd July 1922.

1. Every vessel on entering the Calcutta Canals or Tolly's Nala shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, the persons appointed by the Governor in Council to collect tolls and officers to whom such persons are subordinate shall have authority to enter upon and again measure a vessel notwithstanding that it was measured on entering the canals.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes as below :—

Class I.—To include all vessels of the usual native types of build, including *saltees* and *hapars* (fish cages).

Class II.—To include all steamers, flats and barges, and other square built vessels.

The net tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V (B.C.) of 1861 and of these rules, be determined by the following measurements :—

Class I.—

A.—The product of one quarter the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches: the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D.—**Saltees.**—The product of one quarter of the inside length of the vessel measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

Class II.—

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I, shall be increased by one-half. For vessels of this class above 5,000 maunds measurement the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way-bills, the gross maundage of cargo shown by the way-bills, or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which toll will be charged :

Provided that firms or individuals, who wish to make use of this rule, must be approved by the Superintending Engineer of the Southern Circle, and that such approval may be withdrawn for any just cause.

3. Every vessel entering the canals shall be furnished with a ticket on which the name of the serang, manjee or other person in charge of the vessel, the date of entry, the maundage of the vessel, the cargo it contains, the amount of toll charged, and the number of days for which the ticket remains current, shall be entered.

4. All tolls are payable on demand and shall be paid at the toll station before a vessel is permitted to proceed: Provided that the Superintending Engineer of the Southern Circle may at his direction permit vessels belonging to individuals or firms of recognised standing to proceed without pre-payment, on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

5. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rule 2 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section IX of the Act.

6. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a sum of one rupee and annas eight. Provided that for tickets on which the total tollage is less than six rupees the fee to be charged for a duplicate shall be one quarter of the total tollage. The minimum fee will be eight annas per ticket.

7. A vessel which has been detained under these rules or under section IX of the Act may not be removed from the canals without the order of the collector of tolls until the toll due has been paid and a ticket obtained for presentation at the exit station. During such detention the manjee, owner or agent must make arrangements for the safety of the vessel and cargo.

8. All vessels, whether the property of Government or of private owners, are liable for toll except those specially exempted under any Government orders in force for the time being.

9. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the supervisor appointed by the Governor in Council under section XIII. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank. No vessel may be launched in the canal without the previous written permission of the supervisor.

10. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the supervisor may direct and shall not be moored in any other manner.

11. The Superintending Engineer, Southern Circle, may fix the limit within which vessels are permitted to remain free of toll, and may also define the limits within which no loading or unloading shall be permitted.

12. No vessel whose extreme breadth including overhanging cargo exceeds 35 feet will be permitted to enter the locks at Chitpore or Dhapa: in the case of the Kulti and Bamunghatta Locks the maximum width allowable is 29 feet.

13. The supervisor may, by written notices to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or *luggees* in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the supervisor, and no vessel shall be made fast or be placed outside of vessels so secured. No vessel or raft shall be placed in such a position as to endanger the safety, or obstruct the passage, of other vessels. Every vessel shall at all times have some responsible person on board when the vessel is within the locked canals between toll stations or on Tolly's Nala.

15. Vessels passing through the canals shall keep in separate lines, in accordance with the rules in force as laid down by the Superintending Engineer, Southern Circle from time to time.

16. No person shall deposit goods of any description on the berms of the canals between the frontage roads or towpaths and the canals, except during the actual process of loading or unloading vessels, without the previous permission of the supervisor.

17. Iron built cargo boats with outside angle irons projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle irons so as to prevent them from causing damage to the lock.

18. No fire or open or unprotected light of any description shall be used on vessels containing petroleum, jute, hay or straw while in the Calcutta Canals or Tolly's Nala; and no fire or open or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals. No vessel which is obviously overloaded or unseaworthy will be permitted to proceed along any part of the canals until made safe to the satisfaction of the supervisor or his staff.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the supervisor and his subordinates shall offer every assistance in removing the same.

If three days after the occurrence of a wreck, it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the supervisor and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that when the wreck obstructs the fairway they shall take immediate steps to remove the same.

21. When a sunken vessel has been recovered, the supervisor shall cause notices to be posted at the locks, toll-offices, or other prominent places, calling on those concerned to pay to the collector of tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo; should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section IX of the Act.

22. The purchaser of a vessel sold under the provisions of section IX of the Act shall have the right to take it out of the canals on the day of purchase, or within such time as may be allowed by the collector of tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered or when, any laden vessel has been seized under the provisions of the Act, or of these rules, the supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 23 shall be effected by a notice exhibited in his office, and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. Steamers are not allowed to tow flats or cargo boats in the Circular Canal, but may tow one flat or barge at a time astern in the New Cut Canal or Kristopore Canal within toll limits.

26. **Lights and signals.**—All vessels, whether travelling or moored in the Calcutta Canals or Tolly's Nala, must, between sunset and sunrise, carry a white light properly protected from the weather on the forepart of the vessel where it can be distinctly seen from all sides. All steam vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam vessel, whether in motion or moored, shall carry the light prescribed above.

27. **Speed of vessels.**—Every vessel proceeding through the Calcutta Canals and Tolly's Nala must, between sunset and sunrise, limit her speed to three miles per hour.

28. For any contravention of rules 7, 11, 13, 14, 15, 16, 18, 19, 25, 26 and 27 the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 or Rs. 5 a day for any continuing infringement.

29. No boats will be allowed to remain in the entrance channels to the Dhapa and Chitpore Locks.

30. The canals may be closed once a year for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but in the event of any sudden emergency the canals may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

Given under my hand and the seal of the Court of the District Judge of Dinajpur this 26th day of January 1924.

E. MILSOM, *President.*

TO HIS EXCELLENCY THE GOVERNOR OF BENGAL.

In the matter of an election petition under Part VII of the Bengal Electoral Rules and Regulations

and

In the matter of an election to the Bengal Legislative Council from the Rajshahi Non-Muhammadan Rural Constituency

and

In the matter of Kishori Mohan Chaudhuri ... *Petitioner*

versus

Sudarsan Chakravarti, Vakil, District Judge's Court,
Rajshahi ... *Respondent.*

The humble petition of Kishori Mohan Chaudhuri, petitioner above-named, of Rajshahi,

RESPECTFULLY SHEWETH--

(1) That your petitioner was a candidate at the last general election for the Bengal Legislative Council from the Rajshahi Non-Muhammadan Rural Constituency aforesaid, the Respondent abovenamed, Babu Sudarsan Chakravarti, being the only other candidate.

(2) That polling for the above constituency took place on the 21st and 22nd November 1923, at 32 polling stations on the first day and at 9 polling stations on the second.

(3) That the counting of votes by the Returning Officer took place on two days, namely, the 3rd and 4th December 1923, and on the last mentioned date the Respondent candidate, the said Babu Sudarsan Chakravarti, was declared elected, and his name has since been published as such in the *Calcutta Gazette* of the 12th December 1923.

(4) That your petitioner is informed and believes that the said Babu Sudarsan Chakravarti by himself and his agent or agents and by other persons acting on his behalf was guilty of various corrupt practices at the said election, such as treating and illegal payments with a view to the improper influencing of votes, and the publication of false statements with the object of prejudicing your petitioner's prospects of election, and your petitioner charges that the said election was not a free or proper election and the result of the election was materially affected by reason of the commission of the said corrupt practices.

(5) That as required by rules 35 (2) your petitioner begs to annex to this petition a list of the said corrupt practices with particulars, and craves a reference thereto as part of this petition.

(6) That your petitioner begs to deposit herewith security of the required amount for costs in one Government Currency Note of Rs. 1,000.

(7) That the Respondent candidate has not yet submitted his return of election expenses, but as an early enquiry is necessary in the interests of purity of election and general administration, your petitioner is filing this election petition without waiting for the submission of the said return of expenses, and your petitioner reserves the right of adding to or altering this petition, if necessary, after the said return is filed.

Under the circumstances your petitioner prays that it may be determined that the said Babu Sudarsan Chakravarti was not duly elected or returned and that the said election may be declared null and void, and your petitioner further prays for the costs of this petition.

And your petitioner as in duty bound shall ever pray.

(Sd.). KISHORI MOHAN CHAUDHURI.

VERIFICATION.

Verified that the statements in the foregoing paragraphs are true to my knowledge except those in paragraph 1 which are made on information received and believed to be true. This verification is signed by me at 36, Lansdowne Road, Calcutta, on the 31st December 1923:

(Sd.). KISHORI MOHAN CHAUDHURI.

LIST OF CORRUPT PRACTICES REFERRED TO IN THE ANNEXED PETITION.

I. Treating.—Sumptuous refreshments (such as *loochis*, *dahi*, *chira*, rice, fish, etc., *pan*, *cheroot*, and in one case, viz., at Tanor pachai drink) were provided for voters with a view to influencing their votes at various polling stations on the respective dates of polling, e.g., at—

- Nator, Takiarhat, Madhnagar, Lalore, Kalam, Walia and Lalpur in the Nator subdivision,
- Naogaon, Mohadebpur, Panchupur and Badalgachi in the Naogaon subdivision and
- Nohata, Durgapur, Bagmara, Tanor, Godagari, Jhalmalia, Charghat and Sardah in the Sadar subdivision.

The arrangements for these entertainments were supervised by the following persons amongst others :—

- Babu Sudarsan Chakravarti's brother Babu Anukul Chandra Chakravarti at Madnagar,
- Babu Sudarsan Chakravarti's nephew and election agent Babu Akhil Chandra Chakravarti at Kalam,
- Babu Sudarsan Chakravarti's son Babu Suprakash Chakravarti at Tanor.
- Babus Bhupendra Nath Khan, Jitendra Nath Khan, Jogesh Chandra Ray (Mukhtear) and Indu Sidhanta (Pleader) at Nator,
- Babus Jnanendra Mohan Sanyal and Probodh Chakravarti (Pleader) at Lalore,
- Babu Bisweswar Roy (Pleader) at Naogaon,
- Babu Mahim Chandra Ghosh at Mahadebpur,
- Babu Tarini Mandal at Nohata,
- Babu Lalit Mohon Chatterjee at Godagari,
- Babus Surendra Nath Maitra and Sarat Chandra Maitra at Jhalmalia,
- Babu Surendra Nath Maitra's son at Charghat and Sardah, and by other relations and agents of Babu Sudarsan Chakravarti at other places.

II. Illegal payments.—Cash payments were made to several poor voters (names not all known) for getting their votes, and many voters were employed for pecuniary reward ostensibly as canvassers thus—

- (1) Rupees 5 was paid to Girish Chandra Sarkar and Jay Chandra Shaha, two voters of Jugishon, and Rs. 6 was paid to Sriram Pramanik and another voter of Jaikristapur at Durgapur polling station on the polling date, by the agent of Babu Sudarsan Chakravarti.
- (2) Money was also paid (amount not known) to Kailas Chandra Sarkar, Bissweswar Sarkar, Rasik Chandra Acharyya and other voters at Takiarhat polling station on the date of polling, by the agent of Babu Sudarsan Chakravarti.
- (3) Rupee 1 per head was also paid to Chandra Kanta Saha, of Kassimpur, Durlav Pal of Basudebpur, Ramnarain Sarkar, of Hat Gobindpur, Iswar Chandra Ghosh, of Karimpore, and other voters of Godagari police-station before the date of election, by Babu Lalit Mohan Chatterjee on behalf of Babu Sudarsan Chakravarti.
- (4) Payments were also made at Godagari and Naohata polling station on the polling date to several voters on account of their conveyance.

III. Publication of false statements.—Leaflets were circulated with misleading suggestions and false statements with the knowledge and connivance of the respondent candidate which were calculated to and did influence a large number of voters all over the district against the petitioner.

This was done only a few days before the polling, when there was little time left to the petitioner to contradict, or to warn the voters fully.

It was alleged in these leaflets among other things that the petitioner had voted against the transferability of jote land, and cutting of trees on jote lands and stoppage of excessive enhancement of rent and otherwise acted against the interest of raiyats, which allegations were all false and false to the knowledge of the respondent candidate and his agents and other persons who circulated the same. The circulation of these false allegations was persisted in even after the issue of a contradiction by the petitioner.

Mahadebpur voters were induced to believe that the Mahadebpur registration office would be soon removed to Kirtipore in consequence of the establishment of a registration office at Madaripore, and Godagari voters were falsely induced to believe that the Godagari registration office had been unjustly removed to Madaripore through the machination of the petitioner.

Malicious insinuations were circulated against the petitioner regarding his work during the last flood and bridging the breaches in the Natore road.

Copies of the leaflets containing the false statements are attached herewith along with the contradiction issued by the petitioner.

Apart from the leaflets, other false allegations were also spread against the petitioner by Babu Probodh Chandra Chakravarti, pleader, an agent of the respondent candidate, amongst others, to the effect that the petitioner was responsible for increasing the rates of postage and the enhancement of the salt duty.

VERIFICATION.

Verified that the foregoing statements are made on information received and believed to be true. This verification is signed by me at No. 36, Lansdowne Road, Calcutta, on the 31st December 1923.

(Sd.) KISHORI MOHAN CHAUDHURI.

Annextures :—

1. No petroleum which is dangerous within the meaning of the Indian Petroleum Act, 1899 (VIII of 1899), shall be shipped on board any native passenger ship proceeding or departing from British India, and no other petroleum shall be carried on board such a ship, except as fuel in bulk for the use of the ship, or as cargo, and under the following special conditions, namely :—

(a) Petroleum carried as fuel in bulk for the use of the ship shall have a flash point of not less than 150° Fahrenheit by Abel's close test and shall be carried in cellular double bottoms under engine and boiler compartments, or under ordinary holds, or in peak tanks, deep tanks or bunkers of approved construction :

Provided that the oil fuel storage tanks and installations in connection therewith fully comply with the conditions described in the Instructions to Surveyors contained in the Board of Trade Circular No. 1624 (Oil Fuel Installation in Passenger Steamships), dated November 1920.

- (b) The master, owner or agent shall give notice to the Chief Customs Officer, or such other officer as the Chief Customs Officer may nominate in this behalf, before permitting any petroleum to be shipped as cargo.
- (c) Each consignment of petroleum shipped as cargo shall be covered by a declaration made and signed by the shipper in Form A (hereto annexed), if the petroleum has been imported into British India, and otherwise in Form B.
- (d) Petroleum shipped as cargo shall be shipped either in tins enclosed in outer wooden cases or in hermetically sealed iron or steel drums : provided that petroleum which has a flash point not below 200° Fahrenheit may also be shipped in sound well-coopered wooden casks of not more than 50 gallons capacity.

- (j) No more passengers shall be carried than can with safety be accommodated in the ship's boats in case of accident, unless the vessel is a coasting one proceeding on a short voyage and there are provided life-belts sufficient for such passengers as cannot be accommodated in the boats.
- (k) At any port in which a ship carrying petroleum is for the time being, the Chief Customs Officer or such other Officer as the Chief Customs Officer may nominate in this behalf, may take and test any consignment of such petroleum or any single case or drum thereof.
- (l) If any petroleum tested under clause (k) is found to be dangerous petroleum defined as aforesaid, the whole consignment of which the petroleum tested formed a part shall be liable to confiscation.

NOTIFICATIONS.

No. 81.—The 28th January 1924.—The following draft of revised rules and rates of tolls for the Calcutta and Eastern Canals, Tolly's Nala and Sundarbans Steamer Route, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make in supersession of all previous notifications on the subject, is hereby published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 20th March 1924, and any objections or suggestions received by the undersigned before that date will be considered :—

Draft Revised Rules and Rates of Tolls.

The rules shall apply to the following navigable channels which are included under the designation "Calcutta Canals and Tolly's Nala" and the "Sundarbans Steamer Route."

I. The Circular Canal comprising the still-water canals between the Dhapa and Chitpore Locks and the New Cut Canal from Ultadingi to Dhapa Lock, together with its junction with the river Hooghly and Orange Soorah at Dhapa.

II. The Central Lake Channel from its junction with the Circular Canal at the Dhapa Lock to its junction with the Bidyadhari at Bamunghatta.

III. The Nowbhangha khal extending northwards for a mile from its junction with the Central Lake Channel below the Dhapa Lock.

IV. The Soorah from its junction with the Central Lake Channel below the Dhapa Lock and extending to the fish market situated adjacent to, and to the west of, the Dhapa Inspector's residence.

V. Tolly's Nala extending from a line drawn across the Nala 25 feet west of the Hastings Bridge at Kidderpore to the Bidyadhari river at Samukpota.

VI. The Kristopore Canal extending from a point in the New Cut Canal, 1 mile 4,700 feet from the Chitpore Lock to a point where it joins the Bhangore khal at Kantatala.

VII. The outfall channel of the Thakurdhari sluice, 4,180 feet in length, extending from a point in village Thakurdhari near the 5th mile-post of the Kristopore Canal to the Thakurdhari sluice on the Paran Chaprasi's khal.

VIII. The Sundarbans Steamer Route as defined in notification No. 71 of the 22nd July 1922.

1. Every vessel on entering the Calcutta Canals or Tolly's Nala shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, the persons appointed by the Governor in Council to collect tolls and officers to whom such persons are subordinate shall have authority to enter upon and again measure a vessel notwithstanding that it was measured on entering the canals.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes as below :—

Class I.—To include all vessels of the usual native types of build, including *saltees* and *hapars* (fish cages).

Class II.—To include all steamers, flats and barges, and other square built vessels.

The net tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V (B.C.) of 1864 and of these rules, be determined by the following measurements :—

Class I.—

A.—The product of one quarter the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches: the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of $12\frac{1}{2}$ maunds, any remainder of less than $12\frac{1}{2}$ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D.—**Saltees.**—The product of one quarter of the inside length of the vessel measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

Class II.—

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I, shall be increased by one-half. For vessels of this class above 5,000 maunds measurement the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way-bills, the gross maundage of cargo shown by the way-bills, or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which toll will be charged :

Provided that firms or individuals, who wish to make use of this rule, must be approved by the Superintending Engineer of the Southern Circle, and that such approval may be withdrawn for any just cause.

3. Every vessel entering the canals shall be furnished with a ticket on which the name of the serang, manjee or other person in charge of the vessel, the date of entry, the maundage of the vessel, the cargo it contains, the amount of toll charged, and the number of days for which the ticket remains current, shall be entered.

4. All tolls are payable on demand and shall be paid at the toll station before a vessel is permitted to proceed : Provided that the Superintending Engineer of the Southern Circle may at his direction permit vessels belonging to individuals or firms of recognised standing to proceed without pre-payment, on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

5. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rule 2 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section IX of the Act.

6. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a sum of one rupee and annas eight. Provided that for tickets on which the total tollage is less than six rupees the fee to be charged for a duplicate shall be one quarter of the total tollage. The minimum fee will be eight annas per ticket.

7. A vessel which has been detained under these rules or under section IX of the Act may not be removed from the canals without the order of the collector of tolls until the toll due has been paid and a ticket obtained for presentation at the exit station. During such detention the manjee, owner or agent must make arrangements for the safety of the vessel and cargo.

8. All vessels, whether the property of Government or of private owners, are liable for toll except those specially exempted under any Government orders in force for the time being.

9. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the supervisor appointed by the Governor in Council under section XIII. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank. No vessel may be launched in the canal without the previous written permission of the supervisor.

10. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the supervisor may direct and shall not be moored in any other manner.

11. The Superintending Engineer, Southern Circle, may fix the limit within which vessels are permitted to remain free of toll, and may also define the limits within which no loading or unloading shall be permitted.

12. No vessel whose extreme breadth including overhanging cargo exceeds 35 feet will be permitted to enter the locks at Chitpore or Dhapa : in the case of the Kulti and Bamunghatta Locks the maximum width allowable is 29 feet.

13. The supervisor may, by written notices to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or *luggees* in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the supervisor, and no vessel shall be made fast or be placed outside of vessels so secured. No vessel or raft shall be placed in such a position as to endanger the safety, or obstruct the passage, of other vessels. Every vessel shall at all times have some responsible person on board when the vessel is within the locked canals between toll stations or on Tolly's Nala.

15. Vessels passing through the canals shall keep in separate lines, in accordance with the rules in force as laid down by the Superintending Engineer, Southern Circle from time to time.

16. No person shall deposit goods of any description on the berms of the canals between the frontage roads or towpaths and the canals, except during the actual process of loading or unloading vessels, without the previous permission of the supervisor.

17. Iron built cargo boats, with outside angle irons projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle irons so as to prevent them from causing damage to the lock.

18. No fire or open or unprotected light of any description shall be used on vessels containing petroleum, jute, hay or straw while in the Calcutta Canals or Tolly's Nala; and no fire or open or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals. No vessel which is obviously overloaded or unseaworthy will be permitted to proceed along any part of the canals until made safe to the satisfaction of the supervisor or his staff.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the supervisor and his subordinates shall offer every assistance in removing the same.

If three days after the occurrence of a wreck, it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the supervisor and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that when the wreck obstructs the fairway they shall take immediate steps to remove the same.

21. When a sunken vessel has been recovered, the supervisor shall cause notices to be posted at the locks, toll-offices, or other prominent places, calling on those concerned to pay to the collector of tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo; should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section IX of the Act.

22. The purchaser of a vessel sold under the provisions of section IX of the Act shall have the right to take it out of the canals on the day of purchase, or within such time as may be allowed by the collector of tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered or when, any laden vessel has been seized under the provisions of the Act, or of these rules, the supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 23 shall be effected by a notice exhibited in his office, and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. Steamers are not allowed to tow flats or cargo boats in the Circular Canal, but may tow one flat or barge at a time astern in the New Cut Canal or Kristopore Canal within toll limits.

26. **Lights and signals.**—All vessels, whether travelling or moored in the Calcutta Canals or Tolly's Nala, must, between sunset and sunrise, carry a white light properly protected from the weather on the forepart of the vessel where it can be distinctly seen from all sides. All steam vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam vessel, whether in motion or moored, shall carry the light prescribed above.

27. **Speed of vessels.**—Every vessel proceeding through the Calcutta Canals and Tolly's Nala must, between sunset and sunrise, limit her speed to three miles per hour.

28. For any contravention of rules 7, 11, 13, 14, 15, 16, 18, 19, 25, 26 and 27 the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 or Rs. 5 a day for any continuing infringement.

29. No boats will be allowed to remain in the entrance channels to the Dhapa and Chitpore Locks.

30. The canals may be closed once a year for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but in the event of any sudden emergency the canals may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

J. F. GRAHAM,

TO HIS EXCELLENCY THE RIGHT HON'BLE VICTOR ALEXANDER G. ROBERT BULWER-LYTTON, EARL OF LYTTON, P.C., G.C.I.E. GOVERNOR OF THE PRESIDENCY OF BENGAL.

Election Petition.

Shyam Chand Bysak, son of late Brindaban Chandra Bysak, resident of No. 14, Taker Hat Lane, Nawabpur, Dacca Petitioner.

versus

(1) Rai Bahadur Pyari Lal Das, M.B.E., son of late Suklal Das Poddar, of 32, Sutrapur Road, Dacca, (2) Babu Dharendra Chandra Roy, son of Babu Ananda Chandra Roy, of Ananda Chandra Roy Street, Dacca, (3) Babu Satish Chandra Sarkar, son of late Umesh Chandra Sarkar, Principal, National College, resident of Gandaria, Dacca Respondents.

The humble petition of the petitioner above mentioned, most respectfully sheweth:—

MAY IT PLEASE YOUR EXCELLENCY,

1. That for the purpose of the last Bengal Council general election of the Non-Muhammadan constituency of the Dacca city, it was divided into 7 electoral areas corresponding to the 7 wards of the Dacca Municipality. The names of the polling officers and the polling stations for those electoral areas are given hereunder as follows:—

Ward	Station	Polling officer.
1. Northbrook Hall	...	Babu Probode Ch. Roy, Munsif.
2. Moslem High School	...	„ Girish Ch. Nag, Deputy Magistrate.
3. Wari Girls' School	...	„ Jamini K. Roy, Munsif, and „ Jatindra K. Bose, Munsif.
4. Malitola Girls' School	...	Mr. W. C. Carter, I.C.S., and Babu Monoranjan Das, Sub-Registrar.
5. Medical School	...	Babu Romes Ch. Sen, Munsif.
6. Nabakumar High School	...	Birendra Nath Ghose, Deputy Magistrate.
7. Nababganj Girls' School	...	Atal Behari Dutt, Munsif.

2. That the said election for wards 5 and 6 was held on the 20th November 1923 and for wards 1, 2, 3, 4 and 7 was held on the 23rd November 1923.

3. That the petitioner and the respondents were nominated as candidates for election from the aforesaid constituency at the last general election of the Bengal Legislative Council and that the petitioner polled 489 votes, respondent No. 1 polled 518 votes, respondent No. 2 polled 452 votes and respondent No. 3 polled 312 votes and consequently the respondent No. 1 was declared "returned" as a member of the said Council.

4. That the respondent No. 1 submitted his return of election expenses on the 22nd December 1923.

5. That the declaration about respondent No. 1 as elected and returned and his election as member of the Bengal Legislative Council are illegal and void and should be so held on the following amongst other grounds:—

For that the election of respondent No. 1 was not the result of a free election but was procured and induced by corrupt practices by which the result of the election was materially affected and vitiated, viz.,

Instances thereof are given below:—

Rs. 1,200 or thereabout on behalf of respondent No. 1 to voters of Juginagar in ward 3 for the cost of obtaining electric lights with a view to those quarters and also for the payment of a portion of the said sum

Rs. 300 or thereabout to certain voters of holding No. 2, Gailara repairs of their Thakurbari with a view to secure their votes and locality for respondent No. 1.

Rs. 100 or thereabout to one Jarasindhu Risi and other Rishia of Bazar in ward 7 to secure their votes for respondent No. 1.

Offer of bribes:—

Rs. 800 or thereabout to the voters of Juginagar in ward 3 to supplement the payment of Rs. 1,200 mentioned above for respondent No. 1.

Promise of reclaiming the tank at Puran Moghultuly in ward 4 if the voters of ward 4 would vote for respondent No. 1.

False personation:—

Use of the vote of a certain person produced to vote in the name of a registered voter of Sashi Mohan Bysack Lane in ward 3 who has not been heard of for many years.

Attempt to false personation:—

The Kanchan Muchi of ward 5 had been long dead, and a man was introduced on behalf of respondent No. 1 to vote for him but ultimately when challenged the man did not record his vote.

That there have been numerous instances of corrupt practices on behalf of respondent No. 1, the details of which your petitioner craves leave to submit hereafter.

A list setting forth the particulars of some of the said corrupt practices is enclosed herewith.

6. That in addition to the aforesaid grounds your petitioner humbly begs to urge the following amongst other grounds which would render the general election null and void and liable to be set aside.

(a) That the result of the election has been materially affected by the improper reception of the votes of certain persons bearing names not identical with those appearing in the finally published list.

(b) That in counting the votes the provisions of Regulation XLVII (1) (a) were not observed inasmuch as some of the ballot papers had not the official mark on their back which fact was brought to the notice of the Returning Officer but was disallowed.

(c) That in ward No. 3 there were 2 polling officers, Babu Jatindra Kumar Bose and Babu Jamini K. Roy. A little after 2 P.M. the said officers suspended polling and took tiffin for more than 15 minutes and then recommenced and continued taking votes till 3 P.M. when the enclosure was closed. Many voters who had attended the polling station to vote for the petitioner and had been waiting for a long time without meal went away, seeing that the polling officers were engaged in taking tiffin specially as they had not announced the hour when they would recommence taking votes. The voters who went away were also under the impression that the time taken by their luncheon would be allowed and added after the prescribed hours, i.e., after 3 P.M. Some of those voters came back a few minutes after 3 P.M. and found that the gate was closed and they were not admitted into the enclosure, while others did not turn up having been annoyed with the above conduct of the polling officers. The polling officers thus violated the provisions of Regulation XXV. If the above voters had all been allowed to vote, most of them would have voted for the petitioner.

(d) That in a few instances in ward 6 the secrecy of voting was not observed inasmuch as the names of the candidates in whose favour the votes were given were uttered in an unnecessarily loud voice, with the result that they were audible to those present at the polling booth.

(e) That in ward 7 the polling officer in almost all cases saw the marks put against the names of the candidates for whom the electors voted; the secrecy of voting enjoined by regulation XXXIII was thus not observed.

7. That the petitioner is a Hindu and is about 54 years old, is a permanent resident in the city of Dacca and has paid more than Rs. 1-8 municipal taxes during the year preceding the year of election. In fact he has been paying each year much more than Rs. 1-8 as municipal taxes for his houses in the city of Dacca for more than ten years. His name was duly registered in the electoral roll and his nomination was duly proposed and seconded by registered electors and the Returning Officer granted a certificate of scrutiny and delivery. Thus the petitioner was fully qualified to stand as a candidate for election as a member of the Bengal Legislative Council.

8. That the petitioner firmly believes that he would have been returned as a successful candidate, if respondent No. 1 had not procured votes by the illegal means noted above.

9. A sum of Rs. 1,000 only, by G. O. note No. P.D.-51—92955, dated 23rd February 1918, Calcutta, has this day been sent to the address of the Government of Bengal, Calcutta.

10. That as respondent No. 1 is a very influential gentleman, the petitioner most humbly prays that if any non-official Commissioner then no gentleman of this district or residing in this city should be appointed Commissioner.

11. That your petitioner therefore prays :

- (a) that your Excellency will be graciously pleased to set aside respondent No. 1 and declare your petitioner duly elected,
- (b) that if your Excellency considers the election to be vitiated by the irregularities your Excellency may be graciously pleased to set aside the whole election,
- (c) that for giving reliefs prayed for above your Excellency will issue any such orders as your Excellency deems fit and proper.

And your Excellency's humble petitioner as in duty bound shall ever pray.

The facts stated in paragraphs 1, 2, 3, 4, 6 (a) and (b) and first part of paragraph (c) up to the words "when the enclosure was closed," paragraph 7 and of paragraph 10 above are true to my knowledge and those stated in the rest of the petition are true to my information and belief.

I sign this verification this 30th December 1923, at my house No. 14 (near) Hat Lane, Nawabpur, in the city of Dacca.

In the matter of an election petition under the Bengal Electoral Rules against the candidate Maulvi Kader Bux returned from the Dinajpur Mahomedan Constituency.

The humble petition of Yaquinuddin Ahmed, a candidate for election to the Bengal Legislative Council from the Dinajpur Mahomedan Constituency,

RESPECTFULLY SHEWETH—

1. That your Excellency's petitioner and Maulvi Kader Bux and Munshi Mafizuddin Chaudhury were the three candidates for election to the Bengal Legislative Council from the Dinajpur Mahomedan Constituency and that after the polling was over the aforesaid Maulvi Kader Bux was declared to be elected by the Returning Officer of Dinajpur

on the 30th November 1923, who announced at the time of such declaration that Maulvi Kader Bux secured 4,380, Munshi Mafizuddin Chaudhury 1,304, and your Excellency's petitioner 190 votes only.

2. That your Excellency's petitioner begs to state that the election of the aforesaid candidate Maulvi Kader Bux was procured through corrupt practice and is so liable to be set aside.

3. That the aforesaid corrupt practice committed by the aforesaid returned candidate consists firstly of publication of and making false statements by himself and other person on his behalf within the meaning of clause 4 of Part I of Schedule V and secondly of "Personation" within the meaning of clause 3 of the same part and of the same schedule and thirdly of fraudulent issuing of circular without the name of the publisher within the meaning of clause 8 of Part II of Schedule V of the Bengal Electoral Rules.

4. That for the purpose of making the first aforesaid charge of "publication of false statement" clear your petitioner begs leave to state that your petitioner was a member of the Bengal Legislative Council for the last three years and a member of the committee to consider the amendment of the Bengal Government resolution No. 7383L.R., dated the 20th August 1921 of the said body of members contained, among other things, a brief summary of the clause 22 of the draft bill, at the end of the 8th regarding the transferability of the occupancy holdings purporting the right of pre-emption or subsequent purchase on payment of consideration money together with a compensation of 10 per cent.

5. That although such was the report on the point of the whole members of the aforesaid committee, their recommendation to the Government embodied in the 8th paragraph thereof was that their full report and the should be circulated for the purpose of obtaining public opinion on that intricate before a bill was introduced in the Legislative Council.

6. That your petitioner in the capacity of a member of the aforesaid committee signed the said report subject to a joint minute of dissent which contained, among other things, a strong disapproval of the aforesaid proposal of the right of pre-emption given to the landlords in cases of transfers of occupancy holdings as well as of amount of landlord's fee to the extent of 25 per cent. of the purchase money. The following words in paragraphs 6 and 7 of page 61, marked A, in page 71, marked B, also in paragraph 5 of page 75, marked C, of the minute of dissent:—

A.

"We think there should be only one mode of assessment of nazar on transfer not an inflexible one should be fixed and no pre-emption should be allowed to be. We have dealt with all questions in connection with transfer of occupancy holding in our notes on clause 22.

"The right of pre-emption as it is called should not be allowed to the landlord. It is a false hope that the zamindars by the exercise of the prerogative will keep off the money-lender and have the land for the cultivators only. For to the landlord (zamindar) the money-lender with his long and weighty purse is the most desirable person and the best friend on earth. He can pay or lend as much as the landlord (zamindar) requires."

B.

"This section fixes the landlord's fee on occupancy holding 'at 25 per cent.' of the consideration money or six times the annual rent of the holding, whichever is more. We think—

"(1) (a) Only one mode of assessment of the landlord's fee should be adopted, either a certain percentage of the consideration money or certain times of the annual rent, preferably the former.

"(b) If the landlord's fee is to be fixed in the alternative form as it is, in place of the words 'whichever is more', there should be the words 'whichever is less.'

"(2) The maximum rate but not a fixed one should be adopted.

"(3) That the maximum rate should not exceed 12½ per cent. of the consideration money or three times the annual rent."

"(4) In all cases of transfer whether in and out of court the payment of the landlord's fee should be a matter to be transacted between the parties.

"(5) The existing right of transfer by raiyats of occupancy holding in any locality without landlord's consent should be maintained. The right is shown in the settlement records."

C.

"The right of pre-emption or post-emption should not be given to the landlord.

"1. The landlords want it as a safeguard against—

(a) Undesirable persons coming in.

(b) Undervaluation.

"(a) As to avoiding undesirable persons we may ask, who are the undesirable and who are the desirable persons? A tenant who is already in the estate and passes to be a good one is certainly not an undesirable person. The zamindar if required will himself give him a good character certificate, but yet the prerogative is to be exercised against him

- The truth has been said by a landlord himself that the chief value of pre-emption was to guard against undervaluation. The zamindar did not in fact lay great weight upon it as a safeguard for keeping out undesirable persons coming in as long as any person paid the *salami*.

"(b) So the value of the prerogative of pre-emption or post-emption is admitted to be not as against the undesirable person as in fact there are no such persons in the eye of the zamindar if he can pay money, but against undervaluation. A highly cultured gentleman's remark to this was 'if it was the main object of the pre-emption clauses it will be an advantage to cut them out altogether, and to give the zamindar a right of appealing to the court on the ground of undervaluation in every case of transfer.'

"We think this is the proper course and this should be adopted. There will then be one procedure to be followed."

The aforesaid returned candidate Maulvi Kader Bux during his canvassing had a large number of circulars or broad sheets, 5,000 in number, of which with annexed and marked Ex. "A", which he got printed at the cost of Rs. 100, and by means of these circulars Maulvi Kader Bux made it appear before the voters that the circulars were distributed broadcast and most of whom are the persons among whom the transfers of occupancy holding are very common, and that he had a very keen interest in the subject of the transferability of occupancy. He stated a long time, that your petitioner as a member of the Legislative Council, and as a member of the aforesaid committee appointed to consider the amendment of the Bengal Tenancy Act did a great disservice to their cause by unreservedly endorsing the proposal of granting the right of pre-emption to the landlord and the payment of the landlord's fee 25 per cent. of the consideration money soon after the sale, and that the object of the returned candidate Maulvi Kader Bux in issuing such circulars against the voters before election obviously was to prejudice the prospect of your petitioner's election, and that in fact such publication of false statements that your petitioner was one of those members of the aforesaid committee who recommended such a proposal of granting the right of pre-emption to the landlords, and as well as of making the existing practice of payment of the landlord's fee after the sale, did not do your petitioner great and incalculable injury in the matter of his election inasmuch as the voters who are the occupancy raiyats were made to believe thereby that your petitioner's conduct as a member of the Legislative Council and as a member of the Bengal Tenancy Act Amendment Committee was antagonistic to their cherished interests, and that Maulvi Kader Bux knew the above statements to be false.

That inasmuch as the returned candidate Maulvi Kader Bux published such false statements regarding the conduct of your petitioner as a member of the Legislative Council and also as a member of the Bengal Tenancy Act Amendment Committee knowing the same to be false, the said returned candidate has been guilty of the corrupt practice as specified in clause 4 of Part I of Schedule V of the Bengal Electoral Rules.

11. That as the said returned candidate in issuing the aforesaid circulars did not publish his name on their face with a corrupt intention, the said candidate Maulvi Kader Bux is further guilty of the corrupt practice specified in clause 8 of Part II of the Bengal Electoral Rules.

12. That the said returned candidate further committed the corrupt practice as specified in clause 3 of Part I of Schedule V in two instances:

(a) Firstly, in that his agent Azimuddin Pandit, resident of Kalikapur, who worked as such in some villages under the Parbatipur thana before the election as well as at the time of polling on the 22nd November, at the polling station of the Habra School, in police-station Parbatipur, produced a man named Mazaruddin Mondal of Joypur as voter No. 34 of union 8 of the Parbatipur thana named Jhoru Mamud Mandal, son of Mamulla Mandal, of Joypur, who did not appear at the polling station, and that the said agent Azimuddin Pandit caused the aforesaid Mazaruddin Mandal to apply for a voting paper in the name of the aforesaid absent voter Jhoru Mamud Mandal and that the said Mazaruddin Mandal with the connivance and under the encouragement of the aforesaid agent Azimuddin Pandit further represented himself before the presiding officer to be the aforesaid absent voter Jhoru Mamud Mandal, son of Mamulla Mandal, whereupon the polling agent of the candidate Munshi Mafizuddin Chaudhury named Raisuddin Ahmed Chaudhury, declared and undertook to prove before the presiding officer that the aforesaid Mazaruddin Mandal thus applying for the ballot paper in the name of the aforesaid absent voter Jhoru Mamud Mandal committed the offence of personation and that thereupon the presiding officer the Sub-Registrar of Parbatipur Pabu Saroj Kumar Sen, assisted by the polling officer under clause 38 of the Bengal Electoral Regulations complying with all the requirements laid down therein, allowed him to vote which he did and that in accordance with the aforesaid regulation the aforesaid presiding officer under the circumstances stated above entered the name and address of the aforesaid absent voter Jhoru Mamud Mandal in the challenged vote list with Mazaruddin Mandal's thumb impression in form 3. That the said Maulvi Kader Bux lodged his return of election expenses and declarations on the 8th January 1924, and your petitioner states that they are not correct regarding his agents and other matters.

(b) And, secondly, in that the returned candidate Maulvi Kader Bux himself produced at the polling station, in the office of the Dinajpur Municipality at the time of the polling of the Mahomedan voters of the Ward D of the Dinajpur Municipality on the 22nd November 1923, a man who gave out his name to be Kafurud-din Sheikh and his father's name to be one other than Abdul Hakim who under the encouragement and with the connivance of the aforesaid returned candidate represented himself to be the voter No. 36 of the Ward D of the Dinajpur Municipality, who bears the same name but whose father's name is Abdul Hakim and that your petitioner having been present there at the time, challenged before the presiding officer that the man was not the real voter himself, but the aforesaid returned candidate Maulvi Kader Bux declaring that the aforesaid person whom he produced was the voter himself caused him by his encouragement to apply for the ballot paper in the name of the aforesaid absent voter No. 36 and that under the circumstances the presiding officer Babu Phani Bhushan Ghose and the polling officer complying with all the requirements of the clause 38 of the Bengal Electoral Regulations allowed him to vote which he did after entering his name and address in a challenged voter's list, to the impression and that afterwards the aforesaid real voter having been allowed for recording his vote the same was allowed in a tendered ballot paper in violation of the Regulations.

Your petitioner prays for the
election of the aforesaid
Maulvi Kader Bux to the
petitioner may be availed.

That your petitioners in the event of the election of returned candidate being set Munshi Mafizuddin Chaudhury second in the election having a will not claim his preference, the petitioner may be declared a member of the Bengal Legislature from the Mahomedan Constituency and pass any other order Excellency may deem fit under the circumstances of the case.

And your petitioner as in duty
ever pray.

(2) Mr. Davies, Magistrate of Midnapore and Returning Officer.

TO HIS EXCELLENCY THE GOVERNOR OF BENGAL.

The humble petition of Rai P. K. Das Gupta Bahadur, late of the Bengal Civil Service,

RESPECTFULLY SHEWETH :—

1. Your petitioner is duly qualified to stand for election from South Midnapore non-Muhammadan constituency and was a candidate for election from the said constituency.

2. The said Mr. C. R. Das was the only other alleged candidate for election from the said constituency.

3. The said Mr. Davies is the Magistrate of Midnapore and Returning Officer for the said constituency.

4. Your petitioner was duly proposed and seconded for nomination as a candidate for the said constituency by Babus Srinath Das and Barendra Roy of Contai, who were duly qualified to propose and second the nomination.

5. Your petitioner, between 12 noon and 1 P.M. of 2nd January 1924, the date appointed for nomination of candidates, personally delivered to the Returning Officer, the said Mr. Davies, at his office, the nomination paper completed in the form prescribed in schedule III and subscribed and dated by your petitioner himself as agreeing to the said nomination and also duly subscribed by the two persons named as proposer and seconder in accordance with rules and regulations made in that behalf.

6. The said Returning Officer duly signed in the presence of your petitioner the certificate of delivery at the bottom of the said nomination paper.

7. The 4th January was the date fixed for the scrutiny of nomination papers.

8. Your petitioner's election agent Babu Srinath Das attended on the 4th January at the appointed hour on behalf of the petitioner who was not personally present.

9. On that date the Returning Officer rejected the nomination of your petitioner on the sole ground that his electoral roll number had not been put down on the nomination paper on the 2nd January.

10 The facts are that your petitioner was misled by the Electoral Rules and Regulations embodied in the Bengal Council Manual published under the authority of the Bengal Government in 1920, which do not require the insertion of the electoral roll number of the candidate in the nomination paper. Your petitioner was not then aware of the amendment published under the Government of India notification No. F-213-V of the 30th July 1923.

11. The omission was detected at the time of filing the nomination paper but as the information was not known to your petitioner, he wired to his brother Sasi Kumar Das Gupta, who was then at Bejgaon and also to the Subdivisional Officer of Munshiganj. Sasi Kumar Das Gupta wired back your petitioner's electoral roll number to his pleader Babu Giris Chandra Das of Midnapore, and the said Babu Srinath Das, your petitioner's election agent, who placed the information at the disposal of the Returning Officer who received the message well in time before the scrutiny.

Your petitioner has been informed that the Returning Officer rejected his nomination on the sole ground that the electoral roll number of your petitioner had not been inserted in the nomination paper on the 2nd January 1924.

Your petitioner is advised that this was only a technical omission and did not affect the validity of the nomination.

The Returning Officer declared Mr. C. R. Das as duly elected on the 4th January 1924.

This declaration was notified in the *Calcutta Gazette* of 9th January 1924 in page 360.

Your petitioner submits that Mr. C. R. Das's nomination and election have been held valid on the following among other grounds:—

(a) That Mr. C. R. Das was at Bombay or Cocanada on the 2nd January when his nomination paper was submitted.

(b) That your petitioner was not present when his proposer and seconder wrote out, signed and seconded the nomination paper to the Returning Officer on 2nd January 1924.

(c) That Mr. C. R. Das could not have signed the declaration at the foot of the nomination paper after the nomination had been duly proposed and seconded; and his signature, if it appears on the nomination paper must have been put on blank paper or the nomination paper does not bear his own signature at all.

(d) That he was at Bombay on the date of nomination and that he was not even out of the nomination for the said constituency will appear from an Association Press advertisement from Bombay published in the "Statesman and Friend of India," dated the 10th January 1924.

(e) That the omission of the electoral roll number of your petitioner in the nomination paper, which roll number was duly supplied on behalf of your petitioner to the Returning Officer before the scrutiny, should have been held to have been only a technical irregularity, not affecting the validity of your petitioner's nomination.

17. Under the above circumstances and facts your petitioner humbly prays that (a) the nomination and election of Mr. C. R. Das may be declared null and void; (b) your petitioner, being the only other candidate, may be held as having been duly nominated and elected for the said constituency; (c) your petitioner may be adjudged as entitled to full costs of these proceedings from Mr. C. R. Das and to such other reliefs as your Excellency may be pleased to grant.

The requisite deposit of Rs. 1,000 in cash as security for the costs is herewith made.

It is proposed to make good the deficiency from the usual annual allotment of about Rs. 10,000 for water-supply.
- (b) Possible means of increase in the revenues of the District Board. (a) The imposition of cess on mines: this may develop to more than Rs. 3,000 in the next few years; the income from this source has already risen by Rs. 1,300 or thereabout in course of the last two or three years; (b) and a revaluation of the cess which is likely to be taken up after the settlement operations in the district are over.
- statement of all outstanding loans specifying in respect of each loan the date when taken, the purpose (very briefly), the amount, the annual charges involved and the amount still payable. Nil.
- (d) Any explanations in regard to receipts and expenditure to show the true financial position of the District Board when such position is otherwise than the ordinary surplus would indicate. The expenditure for the year 1921-22 shewed a heavy increase under the sub-head "Miscellaneous" owing to the refund of Rs. 10,000 on account of the contribution paid by the Raja of Hetampur for construction of the Bakreswar bridge and of about Rs. 6,500 for the balances of union committees whose accounts were incorporated with the District Board accounts but were separated from the same on the formation of union boards in the district. This heavy outlay reduced the balance at the credit of the Fund.

CALCUTTA, THE 25TH FEBRUARY 1924.

RESOLUTION—No. 635Edn.

By the death of Dr. Theodore Oliver Douglas Dunn, M.A., D. Litt., the State has lost the services of a capable public servant, and the Governor and his Minister (Education Department) desire to place on record an expression of their regret at this grave loss and their sympathy with his widow. Dr. Dunn was born at Haldane, Cambuslang, Scotland, on the 9th of October 1881, and entered the Indian Educational Service on the 7th December 1908. He assumed charge of the office of the Director of Public Instruction, Bengal, on the afternoon of the 23rd of January 1924. He had acted in this capacity on a previous occasion in 1919, and during that period of officiating service showed that he was possessed of considerable administrative ability. During the brief period that has elapsed since he assumed charge of the department for the second time, he carried out his duties with energy and marked capacity.

Dr. Dunn had served Government prior to his promotion to officiate as Director of Public Instruction in various important capacities in Bengal and Eastern Bengal and Assam. He had occupied the posts of Inspector of Schools and Assistant Director of Public Instruction with credit and had made a special study of the problem of primary education in Calcutta, and his knowledge in this respect proved of great value to the Corporation of Calcutta. As an administrator he was energetic and forceful, endowed with sound judgment and the power of rapid decision.

At the time of his death he was establishing for himself a recognised position in India as a literary critic and man of letters. His own University of Glasgow honoured him with a doctorate in literature. Of late years he had devoted much of his leisure to the task of making better known the work of British Indian authors, both English and Indian, and had also established himself as a force in the revived Calcutta Historical Society. The literary world of Calcutta is the poorer for his loss.

The Governor and his Minister (Education Department) desire to record their high appreciation of Dr. Dunn's valuable services to the State and to the cause of education in Bengal.

By order of the Government of Bengal
(Ministry of Education),

J. A. L. SWAN,

Secretary to the Government of Bengal.

NOTIFICATIONS.

No. 81.—*The 28th January 1924.*—The following draft of revised rules and rates of tolls for the Calcutta and Eastern Canals, Tolly's Nala and Sundarbans Steamer Route, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make in supersession of all previous notifications on the subject, is hereby published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 20th March 1924, and any objections or suggestions received by the undersigned before that date will be considered :—

Draft Revised Rules and Rates of Tolls.

The rules shall apply to the following navigable channels which are included under the designation "Calcutta Canals and Tolly's Nala" and the "Sundarbans Steamer Route."

I. The Circular Canal comprising the still-water canals between the Dhapa and Chitpore Locks and the New Cut Canal from Ultadingi to Dhapa Lock, together with its junction with the river Hooghly and Orange Soora's at Dhapa.

II. The Central Lake Channel from its junction with the Circular Canal at the Dhapa Lock to its junction with the Bidyadhari at Bamunghatta.

III. The Nowbhangha khal extending northwards for a mile from its junction with the Central Lake Channel below the Dhapa Lock.

IV. The Soorah from its junction with the Central Lake Channel below the Dhapa Lock and extending to the fish market situated adjacent to, and to the west of, the Dhapa Inspector's residence.

V. Tolly's Nala extending from a line drawn across the Nala 25 feet west of the Hastings Bridge at Kidderpore to the Bidyadhari river at Samukpota.

VI. The Kristopore Canal extending from a point in the New Cut Canal, 1 mile 4,700 feet from the Chitpore Lock to a point where it joins the Bhangore khal at Kantatala.

VII. The outfall channel of the Thakurdhari sluice, 4,180 feet in length, extending from a point in village Thakurdhari near the 5th mile-post of the Kristopore Canal to the Thakurdhari sluice on the Paran Chaprasi's khal.

VIII. The Sundarbans Steamer Route as defined in notification No. 71 of the 22nd July 1922.

1. Every vessel on entering the Calcutta Canals or Tolly's Nala shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, the persons appointed by the Governor in Council to collect tolls and officers to whom such persons are subordinate shall have authority to enter upon and again measure a vessel notwithstanding that it was measured on entering the canals.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes as below :—

Class I.—To include all vessels of the usual native types of build, including *saltees* and *hapars* (fish cages).

Class II.—To include all steamers, flats and barges, and other square built vessels.

The net tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V (B.C.) of 1864 and of these rules, be determined by the following measurements :—

Class I.—

A.—The product of one quarter the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches: the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of $12\frac{1}{2}$ maunds, any remainder of less than $12\frac{1}{2}$ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D.—**Saltees.**—The product of one quarter of the inside length of the vessel measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

Class II.—

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I, shall be increased by one-half. For vessels of this class above 5,000 maunds measurement the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way-bills, the gross maundage of cargo shown by the way-bills, or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which toll will be charged :

Provided that firms or individuals, who wish to make use of this rule, must be approved by the Superintending Engineer of the Southern Circle, and that such approval may be withdrawn for any just cause.

3. Every vessel entering the canals shall be furnished with a ticket on which the name of the serang, manjee or other person in charge of the vessel, the date of entry, the maundage of the vessel, the cargo it contains, the amount of toll charged, and the number of days for which the ticket remains current, shall be entered.

4. All tolls are payable on demand and shall be paid at the toll station before a vessel is permitted to proceed: Provided that the Superintending Engineer of the Southern Circle may at his direction permit vessels belonging to individuals or firms of recognised standing to proceed without pre-payment, on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

5. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rule 2 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section IX of the Act.

6. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a sum of one rupee and annas eight. Provided that for tickets on which the total tollage is less than six rupees the fee to be charged for a duplicate shall be one quarter of the total tollage. The minimum fee will be eight annas per ticket.

7. A vessel which has been detained under these rules or under section IX of the Act may not be removed from the canals without the order of the collector of tolls until the toll due has been paid and a ticket obtained for presentation at the exit station. During such detention the manjee, owner or agent must make arrangements for the safety of the vessel and cargo.

8. All vessels, whether the property of Government or of private owners, are liable for toll except those specially exempted under any Government orders in force for the time being.

9. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the supervisor appointed by the Governor in Council under section XIII. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank. No vessel may be launched in the canal without the previous written permission of the supervisor.

10. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the supervisor may direct and shall not be moored in any other manner.

11. The Superintending Engineer, Southern Circle, may fix the limit within which vessels are permitted to remain free of toll, and may also define the limits within which no loading or unloading shall be permitted.

12. No vessel whose extreme breadth including overhanging cargo exceeds 35 feet will be permitted to enter the locks at Chitpore or Dhapa: in the case of the Kulti and Bamunghatta Locks the maximum width allowable is 29 feet.

13. The supervisor may, by written notices to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or *luggees* in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the supervisor, and no vessel shall be made fast or be placed outside of vessels so secured. No vessel or raft shall be placed in such a position as to endanger the safety, or obstruct the passage, of other vessels. Every vessel shall at all times have some responsible person on board when the vessel is within the locked canals between toll stations or on Tolly's Nala.

15. Vessels passing through the canals shall keep in separate lines, in accordance with the rules in force as laid down by the Superintending Engineer, Southern Circle from time to time.

16. No person shall deposit goods of any description on the berms of the canals between the frontage roads or towpaths and the canals, except during the actual process of loading or unloading vessels, without the previous permission of the supervisor.

17. Iron built cargo boats, with outside angle irons projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle irons so as to prevent them from causing damage to the lock.

18. No fire or open or unprotected light of any description shall be used on vessels containing petroleum, jute, hay or straw while in the Calcutta Canals or Tolly's Nala; and no fire or open or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals. No vessel which is obviously overloaded or unseaworthy will be permitted to proceed along any part of the canals until made safe to the satisfaction of the supervisor or his staff.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the supervisor and his subordinates shall offer every assistance in removing the same.

If three days after the occurrence of a wreck, it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the supervisor and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that when the wreck obstructs the fairway they shall take immediate steps to remove the same.

21. When a sunken vessel has been recovered, the supervisor shall cause notices to be posted at the locks, toll-offices, or other prominent places, calling on those concerned to pay to the collector of tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo; should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section IX of the Act.

22. The purchaser of a vessel sold under the provisions of section IX of the Act shall have the right to take it out of the canals on the day of purchase, or within such time as may be allowed by the collector of tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered or when, any laden vessel has been seized under the provisions of the Act, or of these rules, the supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 23 shall be effected by a notice exhibited in his office, and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. Steamers are not allowed to tow flats or cargo boats in the Circular Canal, but may tow one flat or barge at a time astern in the New Cut Canal or Kristopore Canal within toll limits.

26. **Lights and signals.**—All vessels, whether travelling or moored in the Calcutta Canals or Tolly's Nala, must, between sunset and sunrise, carry a white light properly protected from the weather on the forepart of the vessel where it can be distinctly seen from all sides. section 18 of the Chittagong Hill Tracts Regulation, 1900 (Regulation I of 1900), as amended by the Chittagong Hill Tracts (Amendment) Regulation, 1920 (Regulation IV of 1920), read with section 21 of the General Clauses Act, 1897 (X of 1897), the Governor in Council is pleased to make the following amendments in the rules (for the administration of the

Chittagong Hill Tracts) framed under notification No. 123P.D., dated the 1st May 1900, and published in the *Calcutta Gazette* of 2nd May 1900, as subsequently amended, namely :—

For rule 34 substitute the following :—

34. (1) No lessee shall, in future, be permitted to hold more than 25 acres of land in all, whether under one lease or more than one. Leases may be granted only to hillmen, provided that non-hillmen of the cultivating classes actually resident in a village may be given leases in that village, but no other up to the maximum of 25 acres.

(2) (a) Sub-leases of whatever grade in existence on 3rd December 1920 and still in existence will be recognized as valid : provided that the lessee of every holding in which sub-leases were in existence on that date is required to submit to the Deputy Commissioner within three months of the date on which these rules come into force the name of every sub-tenant of whatever grade who then held land within his tenancy and the rent then payable in respect of it. Sub-leases not reported will be liable to be treated as unauthorized and dealt with under rule 34 (5) below. No sub-tenant recognized under this rule shall be evicted except in accordance with rule 34 (7) below, nor shall his rent be enhanced except with permission of the Deputy Commissioner.

(b) Whenever any recognized sub-lease terminates for whatever reason, the immediate landlord of the sub-lessee shall not again sublet the land without permission of the Deputy Commissioner, and if the sub-lessee had a tenant under him that tenant shall have the option of continuing on the terms on which he holds, or of taking over the entire sub-lease which has terminated at the rent formerly payable in respect of it.

(3) As from 3rd December 1920 no lessee is allowed to sublet the whole or any part of his land except with the sanction of the Deputy Commissioner, which shall be given only in cases of temporary incapacity such as minority, illness or temporary absence. The rent of such sub-tenants duly authorized by the Deputy Commissioner shall be a money-rent and shall not exceed by more than 50 per cent. the rent paid by the lessee to Government for the area sublet. In no case shall the sub-lessee be entitled to sublet. So-called labourers, who are remunerated by a share of the produce, shall be treated as sub-tenants, and if they are recognized by the Deputy Commissioner their rents shall be regulated by the principles stated above.

(4) No lessee or sub-lessee shall be allowed to transfer by sale, gift or mortgage the whole or any part of his holding without the previous sanction of the Deputy Commissioner, who may not sanction any mortgage other than usufructuary mortgage, such mortgage to extend for a period not exceeding seven years and to provide for the extinction of the whole debt including principal and interest within that period subject to the condition that the mortgage will not, in any event, be extended beyond that period. Unauthorized transfers will, in no instance, be recognised unless the transferee has obtained a prescriptive right by 12 years' possession, the burden of proving which will lie on him.

(5) In all cases of unauthorized lease or transfer the Deputy Commissioner shall resume the land sublet or transferred and may either hold it khas or resettle it with the lessor or transferor, or with the lessee or transferee, or with another hillman raiyat according to circumstances.

(6) No partition of a holding shall be made without the consent of the Deputy Commissioner.

(7) A sub-tenant recognized by the Deputy Commissioner is not liable to ejectment except by his order. A sub-tenant will ordinarily be ejected—

- (a) if he sublets or transfers any part of his holding or fails to show diligence in bringing or keeping the holding under cultivation ;
- (b) if he fails to pay an arrear of rent recorded or fixed by the Deputy Commissioner ;
- (c) if he uses the holding in any manner that renders it unfit for the purposes of the tenancy ;
- (d) if he enhances the rent of a recognized sub-tenant under him without permission of the Deputy Commissioner.

(8) If in any case of unauthorized subletting between 3rd December 1920 and the date on which these rules come into force the Deputy Commissioner considers it inequitable to eject a tenant or sub-tenant, he may allow him to retain his tenancy for a limited period but not beyond the time fixed for the reassessment of the original holding, and any tenancy so allowed to continue shall terminate on the death of the holder.
